

# Career Development Stairway

**ICT/BPO Sector**

# 1. What is CaDs?

- CaDS is an IT-enabled visual display of information on career progression and job profiles with a view to reduce information asymmetry among students and other stakeholders.
- CaDS was developed in 2014 and launched in 2015

# 2. OBJECTIVES OF CaDS

The main objectives of 'The Stairway' are to:

- provide information on the various job roles and career opportunities in the sectors.
- provide details on the progression opportunities on the same step and also information on roles on the next step.
- help to plan career in the sectors whether one is a new entrant to the sector, or is looking for further opportunities within the sector.
- help reduce the skills mismatch through development and provision of relevant training provided by informed training centres.

# 3. TARGET AUDIENCE

- **Students**
- **Working professionals**
- **Training institutions**
- **Employers**
- **Government Planners**

# 3.1 Students

- ✓ Clear view of opportunities in the ICT/BPO sector
- ✓ Pursue education with clearer understanding of job expectation
- ✓ Awareness of the skills and competencies required
- ✓ Chart career path

## 3.2 Training Institutions

- ✓ Understand precisely the industry needs
- ✓ More objectivity when developing curriculum, projects and assignments to develop the required skills
- ✓ Enables definition of the fundamental body of knowledge for job groups

# 3.3 Working Professionals

- ✓ Understand job expectation and job fit
- ✓ Calibrate expectations
- ✓ Better knowledge of skills expectation

# 3.4 Employers

- ✓ Standard job descriptions
- ✓ Facilitates remuneration surveys
- ✓ Use to recommend training needs
- ✓ Identify core skills
- ✓ Better understanding of job fit
- ✓ Use for appraisals

# 3.5 Government Planners

- ✓ Better understanding of the training needs of the industry
- ✓ Enable focus on high-value jobs and skills expectations
- ✓ Improve ROI of Training and Development plans

# 4. Job Description (JDs)
